Caregivers Inn

Where Seniors Call Home

Caregivers Inn now offers individualized care to residents with Alzheimer's and related dementias. Our secure, 10-bed unit provides safety and peace of mind in a warm, home-like setting. A cozy environment, a wealth of activities, new pastimes and field trips make our Memory Care Unit an expansive, abundant, lively environment.

Socializing and staying active is an essential part of promoting a positive mental outlook and improving overall health for our residents. At Caregivers Inn, providing a strong community life has always been a pillar of our home's services. From the friendships that residents create amongst themselves to the genuine relationships with our staff, our Memory Care Unit is truly a place for connection.

Residents have the opportunity to learn new skills and hobbies, explore a wide variety of recreational interests and enjoy their time spent staying active in the company of neighbors within a protected and welcoming environment.

Our Memory Care Unit offers worry-free living with the reassurance that helping hands are always nearby to lift the spirits, hearts and quality of life of our guests. Our entire staff is devoted to meeting the individual emotional and physical needs of our residents, as well as establishing genuine and compassionate relationships.
